Why join PRIMA?

PRIMA's unique position in the paper and related industries is based on the networking opportunities no other association is able to offer. Our activities are dedicated to bringing people together by creating professional communication platforms in a friendly atmosphere.

Our annual conferences, trend tracking seminars and published membership details provide the infrastructure for an international and cross-functional network to share knowledge for better mutual understanding.

With our website, PRIMA members are only a mouse click away from each other. Our newsletters provide updated information on our members and our events. Members enjoy special rates at our conferences and seminars.

Who can join PRIMA?

Everybody with a direct or indirect interest in the paper and related industries and who wishes to become an active part of the international paper network.
